Add-ons

Light Add-On Kit

Use your daylighting system as a recessed light at night with a light add-on kit.

Ventilation Add-On Kit

Combined with the Solatube 160 DS to drive out humidity and minimize ceiling clutter.

Solar-Powered Daylight Dimmer

Control light levels with the touch of a finger.

160/290 Models

Natural Light. Brilliant Technology.

Transfer

Spectralight® Infinity Tubing

Tubing made of the world's most reflective material that:

- Delivers 99.7%** specular reflectivity for maximum sunlight transfer
- Provides the purest color rendition possible so colors are truer, brighter
- Allows for run lengths over 30 feet to deliver sunlight to lower floors
- INFRAREDuction™ Technology integrated using a proprietary process to filter out infrared wavelengths and minimize solar heat gain

Generate

Integrated Solar Electric Technology

ISn Models automatically emit a soft glow after dark.

- Photovoltaic panel collects solar energy
- Stored energy powers the NightLight which automatically turns on at night

Deliver

Decorative Fixtures and Add-Ons

Form and function combine for optimal daylight diffusion with:

- Solatube Decorative Fixtures
- Warming and softening Effect Lenses
- Ventilation, dimmer and nighttime lighting options
- Available shapes in round or square

290 DS Low Profile Collector

As part of our Architect Series, the 290 DS Low Profile Collector is designed to help make your home look fabulous. If you want a sleek, unobtrusive look, the low-profile collector delivers an attractive, subtle appearance on your roof.

** Specular reflectance greater than 99% with wavelength specific reflectance up to 99.7% for the visible spectrum
